Numatic

Nupro Reflo

PRP180-11

- ✓ Reflo Technology
- ✓ Handy cable replacement
- ✓ On-board tool storage
- ✓ High-Performance-Motor (lasts up to 2.000 working hours)

Reflo Technology uses the highest quality recycled plastic, ensuring our products are both sustainably engineered and built to last. The Nupro Reflo vacuum

is made from **up to 75%* of the highest quality recycled plastic**. With its tough construction and user-friendly features, it is ideal for everyday cleaning of all floor surfaces.

- 100% Engineered in Europe
- 100% Made in Europe
- 95% of the components are coming out of Europe
- Climate-friendly processes

Compact and Manoeuvrable

Featuring a compact design, two swivel wheels and two additional large wheels at the rear, the Nupro Reflo is extremely manoeuvrable. Stores neatly away with on-board tool storage for additional accessories.

High-quality accessories

High-quality and robust accessories with stainless steel wands and floor metal plate (floor nozzle).

Accessory kit NS1

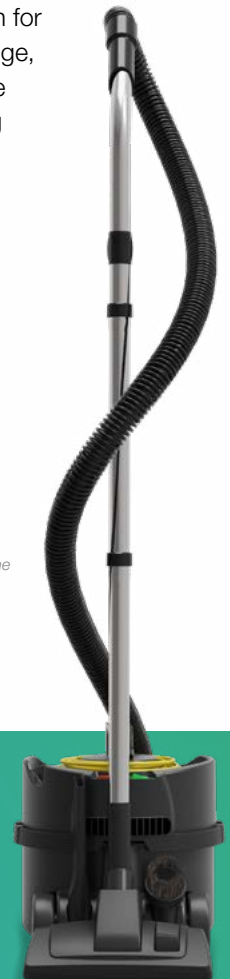

HEPA-FLO Bags

HepaFlo Bags offer high-efficiency filtration for hygienic, dust-free emptying. Easy to change, tear-resistant and designed to fit the shape of the drum, they deliver optimum cleaning performance.

Handy cable replacement

Plugged NuCable system is quick and easy to change and replace.

**The figure given indicates the maximum use of recycled plastic in the Reflo range, excluding accessories.*
