

MAXX Into Synbiotic

SYNBIOTIC SANITARY CLEANER

Performance

- ▲ A combination of prebiotics and probiotics plus effective biodegradable surfactants delivers professional cleaning effects immediately from application but also continues to clean for hours after application
- ▲ Effectively manages a balanced microbiome for safer and effective deep cleaning
- ▲ Helps to deliver the highest possible performance on washroom soils
- ▲ Synbiotics clean at a microscopic level helping to prevent limescale build up even without aggressive acids

Efficiency

- ▲ Effective in low concentrations on a variety of sanitary surfaces
- ▲ Helps to reduce task time and the intensity of cleaning action required
- ▲ Delivers a continuous cycle of cleaning

Safety

- ▲ No requirement for extra safety training
- ▲ Colour coding for clear usage and identification
- ▲ Material friendly formulation allows the use on water resistant surfaces

Sustainability

- ▲ Biodegradable solution
- ▲ Maintains a natural microbial balance and positively impacts our environment after use
- ▲ Up to 66%* reduction of CO2 emissions associated with packaging

ECOLAB®

*Based on 100% PCR versus virgin plastic

Use instructions

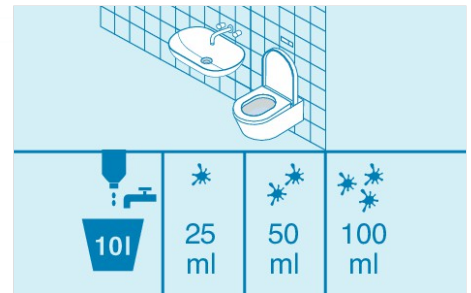

1. Check hygiene plan and product label for detailed use information.

recommended

2. Wear suitable protective clothing when handling the product.

3. Depending on soiling and surface, add 25-100 ml **MAXX Into Synbiotic** to 10 L water. For daily cleaning with normal soiling, mix 25 ml with 10 L cold water.

4. Wipe the surface and leave to dry. We recommend using **MAXX Into Synbiotic** in combination with our colour-coded polifix Planet series microfibre cloths to avoid cross-contamination.

5. No rinsing required.

Special notes

- Use only the recommended dosage ranges, this saves in use cost and minimizes the environmental impact. Product can be diluted in either cold or warm water. Shake well before use.
- Test material compatibility in a small inconspicuous area prior to application.
- For accelerated high performance and a balanced microbiome at low dosage, consider dosing above the minimum recommended dosage for the first 4-6 weeks.
- For professional use only. Safety data sheet available for professional users on request. If product is used in spray application it will not meet the EU Ecolabel requirements.
